

A PATHWORK JOURNEY - YEAR ONE (MODULE ONE)

The Pathwork© is a spiritual path of self-exploration, self-discovery, self-purification and self-transformation. The Pathwork teachings offer specific tools for uncovering and dissolving the misconceptions and defenses which stand in the way of our healing growth, and activating the greater divine consciousness dwelling within every human being. These teachings point the way to genuine love of self, others, and living life fully and consciously. The Pathwork© is a not for profit organization/school that integrates spirituality with psychotherapy. It is a viable curriculum that you will receive credit for and upon completion of the program your diploma.
